Course grade calculator

Due Friday by 11:59pm Points 100 Submitting a file upload
Available until Jul 13 at 11:59pm

Create a worksheet to do this course grading as specified in the syllabus. The MC quizzes and regular assignments with their maximum points are as in the Canvas. Assume that there will be 10 bonus quizzes of 100 points each, and the maximum points for each Exam #1 and Exam #2 is 100. Then enter your expected points for each of them to obtain your expected final grade (out of the maximum 100):

Submit your worksheet to "Course grade calculator" under "Bonus Quizzes".

1. Correct calculation: 70 pts
2. Good looking and convenient to use: 30 pts

File Upload Google Doc Office 365

Upload a file, or choose a file you've already uploaded.
