

## ART 101 Study Guide for the Quizzes

This Study Guide provides lists of specific works, terms and individuals on which the quizzes will be based. Be able to identify the artists and titles, but also know about the subjects, stylistic qualities and why these works are good examples of their respective periods. It's helpful to have the study guide at hand while reading the Stokstad text, so that you'll know on which works to focus. The numbers correspond to the illustration numbers in the text.
