

**HCM 400 Milestone Three Guidelines and Rubric**

Submit a draft proposal for Section I, parts C and D (see below). Using the approved healthcare organization and the information you have gathered, identify the capital budget item or items that will be used as the basis for the written capital budget proposal. You should include how the proposal recommendations reflect the big-picture view of healthcare.

**Specifically the following critical elements must be addressed:**

**I. Introduction**

- C. **Opportunities:** Based on your analysis of the major forces, impacts, and opportunities provided, consider the specific organization that you selected. What opportunities exist for this organization, and how do these opportunities relate to the big-picture view of healthcare?
- D. **Proposal:** What is your proposal for addressing identified issues or improvements within your organization? In other words, what changes are you trying to incorporate in your selected organization?

**Guidelines for Submission:** Your paper must be submitted as a Microsoft Word document and should be a minimum of one page in length with double spacing, 12-point Times New Roman font, one-inch margins, and at least two sources cited in APA format.
