

Annotated bibliographies provide you with the opportunity to cite, summarize, and compare and contrast resources you will use in a paper. You will cite each resource in APA style, write an approximately 150-word description that summarizes the central theme and scope of the resource, and compare and contrast it with other resources. For more information on annotated bibliographies, consult the <u>SNHU Writing Center's annotated bibliography guide</u>.

Submit a summary and analysis of six research articles relevant to the research problem that you have chosen.
