

Hi, this is my group Report of supply chain management course on a business case (ZoeFafa) in which I want you to do my part in this assignment which will be around 500 to 600 words.

So first of all the read the other document which contain the business case called (ZoeFafa) on which this report is based and for a clear detailed instruction about the assignment.

**So, after reading the case now you just have to do these thing which I mentioned in this document below.**

My Task in this report is to write:

- **Proposed supply chain solutions to *ZoeFafa* (At least 500 to 600 words)**
- **Proposed supply chain solutions to *ZoeFafa* (Conclusion paragraph at least 90 to 100 words)**

**Note: You can use external resources in report but with references.**
