RUA Technology Presentation: Electronic Medication Administration

By: Aminat Akangbe, Ashley Cordova,
LaTasha Hubbard, Vinh Nguyen,
Denisse Perez

History & Current Use

Describe significant findings that prompted the development of the technology.

Discuss the history and current use of the technology in healthcare.

Describe three goals of this technology's implementation.

Impact on Healthcare and Nursing

Patient safety

Quality of care measures/monitoring

Risk management

Privacy, confidentiality, and security of patient data

Effect on population within the region

Ethical practice

Compliance with legal and regulatory mandates

Organizational infrastructure and operations

Support discussions with examples & data from current evidence-based resources

Three Advantages & Disadvantages

Patient's perspective (e.g., patient outcomes, safety, patient/family satisfaction)

Nurse's perspective (improves/hinders job efficiency/safety)

Healthcare organization's perspective (regulatory compliance, financial, etc.)

Controversy/Issues/Challenges/Regulatory Implications

Controversy, issues, challenges, and regulatory implications are addressed.

The presentation answers the question, “how might issues surrounding the chosen technology be addressed/solved?”

Statistically significant data or evidence is provided to support the findings.

Summary

The presentation provides a summary.

The summary reinforces all key points.

The summary discusses any discoveries made or surprises the team encountered during research and preparation for the presentation.

Includes lessons learned.

Team Project Evaluation

Each of the following questions and responses must be present on the slides following the summary slide, but before the reference slide(s):

How the team functioned well (e.g., team strengths, team balance, etc.).

Problems the team encountered in interacting as a team (e.g., team weaknesses, outside challenges, technology, etc.).

Specific actions you would recommend to future teams to help them interact, function, and collaborate successfully.

References

Scholarly writing and current APA guidelines should be followed as applicable to PowerPoint slides.

- Cite sources in APA format in the applicable slides and include the APA formatted reference in your reference list slide(s)- minimum 6 references.
- Spelling, grammar, and punctuation apply even in bullet points and speaker slides (e.g., quotation marks, italics, verb tense, etc.).
