

ACTIVITY PLAN WORKSHEET

Student Name: _____ Email Address: _____

Student Number: _____ Project Number: 60531700

Curriculum or Content Area: _____

Date of Activity: _____

Total number of children in this group (large group, small group, or individual activity): _____

Vocabulary to be introduced:

Name of Activity and a Brief Description:

Measurable Objectives of Activities: (Describe measurable objectives such as “At the end of this lesson the student will be able to correctly list/describe/identify/count/sequence...”.)

Purpose of Activity: (Concepts, skills, awareness, or attitudes you've designed the activity to teach or develop)

Space and Materials Needed:

Duration/Length of Time Needed:

Procedure: (A step-by-step description of the activity)

(Tips for getting started:

Describe what you'll say or do to get the children interested in the activity and let them know what they'll be doing.

Describe the activity in the sequential order that you'll use for the children.)

Guidance: (Establish necessary limits for behavior and boundaries of activities. Anticipate problems that may develop during this activity and consider ways to handle them.)

Evaluation and follow-up: (What was the children's response? What worked well, what didn't work? What would you need to change if you were to use this activity in the future?)
