

## Applying 7-12 Strategies

Select one of the strategies from the nine that were presented in the drop-down list in this lesson. Research the strategy and write a two-to-three paragraph explanation of why you think it will be effective in your classroom.

Design an activity for it, emphasizing your plan to differentiate. Include, as a minimum, the elements in the charts below.

<b>Strategy</b>
<b>Activity</b>

Area of Differentiation	Ability Level		
	Low	Average	High
Content (the What)			
Process (the How)			
Product (the Evaluation)
