

## Inquiry-based Instructional Strategies for CTE

For this assignment, create your own copy of the following tables in an MS Word document. Complete the tables using what you learned in this lesson, as well as any additional research you may have conducted regarding the methods described.

**Table 1**

<b><i>Identify three methods or strategies you want to implement in your classroom. For each method, complete the rows below.</i></b>			
Summary of the method/strategy	Describe how you can use the method/strategy and identify how it would help diverse learners in your classroom.	Describe what your classroom would look and sound like if the method is effective for your CTE lesson. (What classroom management techniques will help make the method effective?)	How can this method help you incorporate reading and writing into your CTE lesson?

**Table 2**

<b><i>From your own classroom experience or additional research, identify three methods or strategies you have implemented in your classroom.</i></b>			
Summary of the method/strategy	Describe how you used the method/strategy and identify how it helped diverse learners in your classroom.	Describe what your classroom looked and sounded like if the method was effective for your CTE lesson. (What classroom management techniques helped make the method effective?)	How did this method help you incorporate reading and writing into your CTE lesson?
