# Psychology Undergraduate Discussion Rubric

## Overview

Your active participation in the discussions is essential to your overall success this term. Discussion questions will help you make meaningful connections between the course content and relevant programmatic themes. These discussions give you a chance to express your own thoughts, ask questions, and gain insight from your peers and instructor.

## Directions

For each discussion, you must create **one initial post** and follow up with at least **two response posts**.

For your **initial post**, do the following:

- Write a post of 1 to 2 paragraphs.
- In Module One, complete your initial post by Thursday at 11:59 p.m. Eastern.
- In Modules Two through Eight, complete your initial post by Thursday at 11:59 p.m. of your local time zone.
- Consider content from other parts of the course where appropriate. Use proper citation methods for your discipline when referencing scholarly or popular sources.

For your **response posts**, do the following:

- Reply to at least two classmates outside of your own initial post thread.
- In Module One, complete your two response posts by Sunday at 11:59 p.m. Eastern.
- In Modules Two through Eight, complete your two response posts by Sunday at 11:59 p.m. of your local time zone.
- Demonstrate more depth and thought than saying things like "I agree" or "You are wrong." Guidance is provided for you in the discussion prompt.
