Criterion Feedback

I just reviewed the second reply as that was all that was required for this assignment. You are obviously going to be in good shape moving forward as you have basically completed your presentation. Please review my comments carefully as you want to edit your third reply for your module six submission and then all of the replies for your final presentation.

I think you have the interesting concepts listed in the presentation as it applies to your culture. You have reviewed the five character test nicely.

Integration and Application

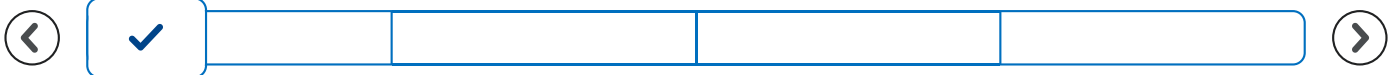

Shows limited depth of knowledge of the module content, indicating the module content was read but needs to be explored further

Consider how you can add vital connections to the course concepts throughout the presentation. You want to make sure that you have these integrated into all of the prompts as you submit this for your final presentation.
