Course: PSYCH3080 Cross-Cultural Psychology 24EW3

Name: Katherine Alexandre

Total Score

82 / 100

Critical Elements

Depth of Reflection

Needs Improvement

16.5 / 30

Response demonstrates a minimal reflection on, and personalization of, the theories, concepts, and/or strategies presented in the course materials to date; viewpoints and interpretations are unsupported or supported with flawed arguments; examples, when applicable, are not provided or are irrelevant to the assignment

Criterion Feedback

I would really love to see more emphasis on the course concepts throughout your presentation. I think you have a nice analysis based on the questions that you have chosen, but I really don't see how you use the strategies and theories from the course match in your presentation.

Required Components

Exemplary

30 / 30

Response includes all components and meets or exceeds all requirements of five questions or areas, as indicated in the instructions; each of the questions or areas from the prompt is addressed thoroughly; follows directions exceptionally well

Criterion Feedback

The required areas were addressed.

Evidence and Practice

Proficient

25.5 / 30

Response shows evidence of synthesis of ideas presented and insights gained throughout the entire course, integrates information from course modules with some level of detail, and demonstrates the ability to think like a psychologist

Criterion Feedback

As mentioned above, try to offer direct connections to the modules and talk about how you would use this information if you were to be working with someone of this culture.

Writing

Exemplary

10 / 10

Writing is clear, concise, and well organized with excellent sentence and paragraph construction; thoughts are expressed in a coherent and logical manner; there are no more than three spelling, grammar, or syntax errors per page of writing; no issues with APA style
