Milestone Two Guidelines and Rubric

PSY 442 Milestone Two Guidelines and Rubric

Overview

Milestone Two: Concepts in Community Psychology is a structured paper that includes three elements of the professional blueprint (the final element of the blueprint is an overview of community psychology (CP) and how the field applies to your professional goals and interests).

1. **The Future of CP**

Write a two-page response that explains your vision for the future of CP. Include specific examples to illustrate key points.

2. **Key Concepts**

Write a two-page response that identifies and analyzes at least five key concepts in CP. Reference course resources, articles, and professional literature.

3. **Stakeholder Perceptions**

Write a two-page response to the following questions:

- a. Are the concepts identified readily agreed upon or contentious?
- b. How are the concepts understood by different stakeholder groups (police, educators, business owners, taxpayers, and so on) in your community? How do you support your position.

The three elements will become part of your professional blueprint.

What to Submit

Written components of projects must follow these formatting guidelines: double spacing, 12-point Times New Roman font, one-inch margins, and approximately six pages in length, not including cover page and resources.
