Directions to the Labyrinth on campus

Walking the Labyrinth...

This is an ancient form of meditation that you can do by walking on the labyrinth that is behind Kearns Spirituality Center.

If you walk to the back of the Providence Heights Motherhouse Building (the big castle-like building) and follow the road to the large parking lot on the right, you will see Kearns. The labyrinth is on the side opposite the parking lot, between Kearns and Passavant Hospital.

You are welcome to walk and pray there anytime there is not another group using the labyrinth. Be mindful that this is a place of prayer and so you do not want to be loud or disruptive when you are back there. Take time to relax and be at peace.
