Lab #8

In this lab, you defined cyberstalking and cyberbullying and described their legal implications, you identified case studies for cyberstalking and cyberbullying, and you defined the requirements for a law to protect individuals from both of these threats. Please complete the following:

- Identify three attributes of cyberstalking?

- Identify three attributes of cyberbullying?

- Provide three examples of each?

- If you had to create an organizational statement to explain the difference between the two, how would you do so in two sentences.
